

ORANGE PEAL

Orange County Chapter, Construction Specifications Institute

Program Information

January 24th, 2024

Orange County CSI Chapter
Joint CSI Meeting with LACSI

Program: UCI ICMC Hospital (Irvine) – A Case Study of the First in the Nation All-Electric Hospital

Speaker: Ray Swartz, PE, MIES, IEEE, LEED AP
Senior Vice President - Electrical
tk1sc

Presentation Abstract: The \$800M UCI Medical Center – Irvine's specialty Hospital, Ambulatory Care Center, Central Plant, and parking structure project is successfully on track via a rapid 56-month Progressive Design-Build process towards the completion of the first all-electric Hospital in the US. Ray Swartz will provide the highlights and lessons learned in defining, designing, budgeting, engineering, and obtaining HCAI approval for this greenfield project's all-electric infrastructure and mechanical/plumbing systems.

With over 30 years of healthcare design experience, Ray brings a wealth of knowledge to all aspects of the project's entire lifespan. Ray's projects include new hospital design, emergency department expansion/upgrades, outpatient, acute care, medical office buildings, and infrastructure upgrades/remodels. With a wide array of project types, including ground-up, renovations, oncology and imaging centers, biological research, pathology labs, and proton beam therapy centers, for clients such as Kaiser Permanente, Hoag Hospital, Dignity Health, City of Hope, and Cedars-Sinai.

Time: 4:30 - 5:30 PM Social/No Host Bar
5:30 - 6:30 PM Dinner
6:30 - 8:00 PM Program

Location: Elks Lodge
